EDUCATION

Western Governors University, Salt Lake City, UT   February 2024
Bachelor of Science, Software Engineering

EXPERIENCE

ATSAP LLC, Pittsburgh, PA   July 2023 - Present
Software Engineer Intern
- Led the design and prototyping of a pioneering digital product in Figma, setting the stage for the client's first digital application.
- Enhanced operational efficiency by 25% for Aiken Refuse (Atsap's client) through a UI redesign and code optimization in React, JSX, CSS, and HTML
- Resolved critical Firebase database bugs, ensuring system reliability and performance.
- Facilitated system scalability to support service integration across four counties, improving data management and client services

CERTIFICATIONS

Google IT Support Professional (Coursera)   March 2023
AWS Certified Cloud Practitioner   August 2023
CompTIA Project + Certified   October 2023

PROJECTS

BirdTalk (Twitter clone)   Next.JS |HTML | Tailwind CSS | TypeScript | Prisma | Clerk
- Developed BirdTalk, a Twitter clone, showcasing full-stack capabilities using the T3 stack. Features include real-time tweeting, user authentication, and API integration, demonstrating advanced front-end and back-end development skills

VacayBud (Android Mobile App)   Java | Kotlin | SpringBoot | Room Interface | SQLite
- Engineered and deployed an Android Mobile Application to Google Play for users to track their vacation dates, excursions planned, cost, and the ability to share with friends through SMS or Email using Java, the Room framework, and SQLite for the database

SKILLS

T3 Stack, React, TypeScript, Java, Python, Prisma, SQL, MySQL, PostgreSQL, SQLite, Next.JS, Node.JS, HTML5/CSS, AuthJS, Clerk, AWS, Google Cloud, Git, Rest APIs, Asana, VSCode, Figma, WIX
